

Debriefing & Mutual Support Program - Agenda

Online Intensive | Fall 2026

The TEND Debriefing & Mutual Support Program helps participants create and implement tailored, evidence-informed, and sustainable debriefing practices that address both the immediate aftermath of critical events and the ongoing accumulation of stress in trauma-exposed work. In this program, you will learn which debriefing approaches are most effective and safe for your unique workplace; how to develop clear guidelines for primary, secondary, and tertiary support; and strategies to facilitate, evaluate, and adapt debriefing sessions over time.

About the Instructor

Françoise Mathieu, MEd, RP, is an educator, speaker, and trauma-trained therapist. She is the author of *The Compassion Fatigue Workbook*, founding member of the Secondary Traumatic Stress Consortium, and the Executive Director of TEND.
